

My Chemical Romance, Honey, This Mirror Isn't B

The amount of pills I'm taking, counteracts the booze I'm drinking
and this vanity I'm breaking, lets me live my life like this
and well I find it hard to stay, with the words you say

Oh baby let me in

Oh baby let me in

Well I'll choose the life I've taken, never mind the friends I'm making
and the beauty that I'm faking lets me live my life like this

And well I find it hard to stay, with the words you say

Oh baby let me in

Oh baby let me in

And you can cry all you want to, I don't care how much
You'll invest yourself in me, we're not working out (we're not working out)

We're not working out (we're not working out)

And you can't touch my brother and you can't keep my friends
and we're not working out, we're not working out

This time I mean it, never mind the times I've seen it

Well I hope I'm not mistaken by the news I heard from waking
and it's hard to say I'm shaken, by the choices that I make
and well I find it hard to stay, with the words you say

Oh baby let me in

Oh baby let me in

Well I'll choose this life I've taken, never mind the friends I'm making

And I get a little shaken, because I live my life like this

And well I find it hard to stay, with the words you say

Oh baby let me in

Oh baby let me in

And you can cry all you want to, I don't care how much

You'll invest yourself in me, we're not working out,

We're not working out

And you can't keep my brother, and you won't fuck my friends

and we're not working out, we're not working out

This time I mean it, never mind the times I've seen it

Never again, never, never again

(and you can cry all you want to, I don't care how much you'll invest yourself in me)

ne.. never... never... never again

(and you can cry all you want to, I don't care how much you'll invest yourself)

ne.. never... never... oh baby let me.. oh baby... oh baby

Oh baby let me in

Oh baby let me in

I'm knocking let me in

Oh baby let me in

Oh baby let me in

I'm knocking let me in

Oh baby let me in

Oh baby let me in
