

My Chemical Romance, Jack The Ripper

[Originally by Morrissey]

Oh, you look so tired
Your mouth is slack and wide
You're ill-housed and youre,
You're ill-advised
I bet your face is as mean
As your life has been

And oh, you look so tired
Well but tonight you presume too much
Too much, I said too much
and if it's the last
Thing I ever do
I'M GONNA GET YOU

Crash into my arms
I WANT YOU
You don't agree
But you don't refuse
I know you

And, oh I, I know a place
Where no one is likely to pass
Oh, you don't care if it's late
And you don't care if you're lost

And oh, you look so tired
Well but tonight you presume too much
Too much, I said too much
And if it's the last
Thing I ever do
I'M GONNA GET YOU

Crash into my arms
I WANT YOU
You don't agree
But you don't refuse
I know you

Come on!
Let's go!

And oh, you look so tired
Well but tonight you presume too much
Too much, I said too much
And if it's the last
Thing I ever do
I'M GONNA GET YOU

Crash into oh my fucking arms
I WANT YOU
You don't agree
But you don't refuse
I know you
