

My Dying Bride, A Black Voyage

Lie beside me on the grass
They're fighting me for thee
mistress of beauty, thine eyes do shine
Can we run forever? Does nightfall shine?
Angel of mercy, carry me away
Those black dogs tear at me
They hunger for the life of me
So lie beside me, neath the earth
Lost forever from the earth
Descending downwards. Is this our re-birth?
Can you feel it? His cruelty glows
This terrible journey, oh that no-one knows
Down
Around here, I am
Ruler of Kings
Here
Everywhere I Am Heard.
The Voice of me
Enters you
Now you're mine
