

Mya, Are You Ready To Do This Thing

Said are you ready to get in this flame
What's going on up in this mother, mother umm umm umm
Do you wanna to party
Cause if you do now get up and come with me
Cause I's gonna make you wheeze, gonna make you wee wee
Gonna make you, we gonna make you dance

CHORUS:

We gonna make you dance
We gonna make you move
Why you up in this mother umm umm umm
Said we gonna make you dance
We gonna make you move
Are you up in this mother umm umm umm
If you ain't here to dance
If you ain't here to move
Then why you up in this mother umm umm umm

Everybody who be up in this space
Cannot just sit on your feet just take your place
To feel this beat to feel this groove
Cause I'm gonna make that he's gonna make that
We gonna make that shit for you
Move your body to the side to the front to the back
I like that, who like that?
We like that ya'als
We gonna make you move
CHORUS until end
