

# Mya, Not Gonna Drop

Oohhh  
Oohhh  
Oohhh  
OoOohhh

[ Chorus : ]

I am stronger than before  
I have risen from a fall  
I will break down anything in my way  
Without looking back at all

I am stronger than before  
Not a thing can hold me down  
I will make it, I will take it  
I will always be around

[ Verse 1: ]

There is a thing that i got  
Something i've never had before  
There is a reason ive got  
to be everything I am, Im sure  
I have been weakened by you  
For a hundred days too long  
I have been broken in two  
But ive never felt so strong

[ Bridge: ]

There is a power inside me  
Its pushing me forward  
its not letting up  
There is a feeling inside me  
im not slowing down  
it wont let me stop  
I can be more than I am  
More than I knew I can be  
And Im reaching the top  
Ain't nothing you can do  
Cause im already there  
And Im not gona drop

[ Chorus: ]

I am stronger than before  
I have risen from a fall  
I will break down anything in my way  
Without looking back at all

I am stronger than before  
Not a thing can hold me down  
I will make it, I will take it  
I will always be around

[ Verse 2: ]

I won't be broken no more  
because Im everything I want to be  
It doesn't matter before  
Im not changing anything 'bout me  
Now I believe in myself  
Not a thing can touch me now  
Im not stressing ?  
I wanna go on making myself proud

[ Bridge: ]

There is a power inside me  
Its pushing me forward

its not letting up  
There is a feeling inside me  
im not slowing down  
it wont let me stop  
I can be more than I am  
More than I knew I can be  
And Im reaching the top  
Ain't nothing you can do  
Cause im already there  
And Im not gona drop

[ Chorus: ]  
I am stronger than before  
I have risen from a fall  
I will break down anything in my way  
Without looking back at all

I am stronger than before  
Not a thing can hold me down  
I will make it, I will take it  
I will always be around

Im not gonna drop ( ohhhhh )  
Im not gonna drop ( ohhhhh )  
Im not gonna stop ( ohhhhh )  
Im not gonna drop ( ohhhhh )
