

Mya, Take A Picture

Sittin here thinkin bout yesterday
And all the friends I've had
Never ever thought that I would change
But as I'm lookin back
Feels like I'm growin up so damn fast
Before I know it my futures now my past
Like sand through an hour glass

[Chorus]

I wanna take a picture so I remember this moment forever
I wanna take a picture so I remember this moment together

Sittin here thinkin of my yesterdays
Things weren't this crazy
I wasn't so emotional
I didn't cry at commercials
Sometimes I feel like a mess
And people laugh at how I dress
And sometimes I act like an ass
And watch sand through an hour glass

[Chorus]

I wanna take a picture so I remember this moment forever
I wanna take a picture so I remember this moment together
I wanna take a picture so I can remember this moment forever
(So I can show my children one day)
I wanna take a picture so I remember this moment together

hey ey ey
hey ey ey forever
hey ey ey hey ey ey ever

I wanna take a picture so I remember this moment forever
I wanna take a picture so I remember this moment together

I'm reminiscing and I'm missing my past [3X]

Ever, Forever, Ever, Forever [2X]

I wanna take a picture so I remember this moment forever
