

Mystic Prophecy, Kill the Beast

Self-proclaimed messiah insane
Father and son drown the world into flame
Higher over the sky, the damnation roll over the world

Here comes destruction
Fight with fire, his desire
Eye to eye, soldiers die
Bombs get hire, no delay
Aerial drones from USA

One bullet will come over the ocean wide
Crash your mind, 3... 2... 1

Kill the beast
Sick dictator from the east
Kill the beast
Killing monster is unleashed
Kill the beast
Atomic bombs arise from the east
Kill the beast
Killing bastard dead Marxist

Angel of retribution and lies
The world will fall in eternal ice
Roll the fire, blazing soul
Death desire, thunder roll
Killing horde, feel the fist
Deadly count, kill the beast

One bullet will come over the ocean wide
Crash your mind, 3... 2... 1

Kill the beast
Sick dictator from the east
Kill the beast
Killing monster is unleashed

Atomic bombs arise from the east
