

Myuji, Ex Dream

Izure koware yuku kono sekai ni wa
Yume ya kibou to ka dou demo ii

Of this world, the end is coming
Dreams and hopes do not matter

Kokoro no naka de nemuru kimi wa mezameru koto nai kedo
Kaerarenu mirai o sono te de kanjite

Inside your heart, you are sleeping
But you will not wake up
Feel the hand of a future that cannot be changed

Burning for your life
Itsuka moetsukiru kono inochi o sasagete mo
(For the perfect dream)
Drowning in my dream
Tatoe oborete mo yume wa yume de shika nai
Kimi wa star light

Burning for your life
This life will burn out someday, even if you try to cling to it
(For the perfect dream)
Drowning in my dream
Even if it's remembered, a dream is only a dream
You are star light

Hikari afureteku sono sekai ni wa
Kimi no tamashii ga michite yuku
Mushou no ai o negau tenshi wa mezameru to sugu ni
Owari yuku mirai o kono te de uketomete

In that world, overflowing with shines
Your spirit will die out
Soon after the delivery of love by a wishing angel
With it's hand, stopping the end of the future
Burning for my life

Itsuka tsukihateru kono inochi wa modoranai
(For the eX dream)
Drowning in your dream
Tatoe oborete mo yume no tsuzuki wa doko e
Boku wa moon light

Drowning for my life
Someday it will hit, this life cannot go back
(For the eX dream)
Drowning in your dream
Even if it's remembered, where will the dream continue?
I am moon light

Burning for your life
Yagate otozureru sono kibou ni kakete demo
(For the perfect dream)
Drowning in my dream
Tatoe taorete mo nigedashitari wa shinai

Drowning for your life
A surprise is on the way, even if hope is held on to
(For the perfect dream)
Drowning in my dream
Even if destruction occurs, I will not run away

Burning for my life

Kesshite mayowanai kono kimochi wa tomaranai
(For the eX dream)
Drowning in your dream
Tomo ni tsukisusumu ashita e no michi to naru
Bokura wa star light

Drowning for my life
Never undecided, this feeling will not stop
(For the eX dream)
Drowning in your dream
A rushing companion, this will be the road of tomorrow
I am star light
