You so anti don't I matter (what!)
You so you so you so anti don't I matter (you punk bitch!)
You so anti don't I matter (what!)
You so you so you so anti don't I matter (you punk bitch!)

What's this on iPod?
Tell me what you're listening to
Why you jumping 'bout his money?
I ain't hear him mention you
I know this aggravates you
And it upsets you
But I could change you
I know how you hear me, is this better?
Yeah, yeah, you like this
Yeah, this your language
Life is short in black and white
Just like little penguins
Why you in Social Studies
Screaming and arguin'?
Why you Dr. Killjoy
Shootin' up the party
Where you get that money from?
Wait, where you runnin' to?
Why you hearin' sirens?
Where them blue lights comin' to?
Dawg, you a genius
You could blueprint and plan this
Better than playing videogames
Why don't you take advantage?

You so anti don't I matter (what!)
You so you so you so anti don't I matter (you punk bitch!)
You so anti don't I matter (what!)
You so you so you so anti don't I matter (you punk bitch!)
You so anti don't I matter (what!)
You so you so you so anti don't I matter (you punk bitch!)
You so anti don't I matter (what!)
You so you so you so anti don't I matter (you punk bitch!)

What's this on iPod?
Tell me what you're listening to
Why you jumping 'bout these bitches?
I ain't hear 'em mention you
I know this aggravates you
And it upsets you
I'ma change you
I know how you hear me, is this better?
I don't understand you
You the school's biggest cut up
Ridin' in your mama car
Boomin' like a motherfucker
Why you always spend for?
Why you get her digits for?
Don't you know with no money that girl is not gonna give you none
Life doesn't dish out
Why you got your fist out?
Boy, you just keep runnin' that
Five-fingered discount
Talkin' 'bout where the weed at?
Wait, what you coughin' for?
I thought you was an expert
Now listen to the officer

You so anti don't I matter (what!)

You so you so you so anti don't I matter (you punk bitch!)
You so anti don't I matter (what!)
You so you so you so anti don't I matter (you punk bitch!)
You so anti don't I matter (what!)
You so you so you so anti don't I matter (you punk bitch!)
You so anti don't I matter (what!)
You so you so you so anti don't I matter (you punk bitch!)

I know you're on a line
And there's a lantern lit inside
It's not just burning bright
It won't blow up in your face if you try
I know you try hard
But you gotta try harder
Now you got your life
To find your way
You're a multi-tasker
Do things faster
Are you gonna let this guy
Give in to your decay?
Wait

You so anti don't I matter (what!)
You so you so you so anti don't I matter (you punk bitch!)
You so anti don't I matter (what!)
You so you so you so anti don't I matter (you punk bitch!)
You so anti don't I matter (what!)
You so you so you so anti don't I matter (you punk bitch!)
You so anti don't I matter (what!)
