

Nadia Ali, Love Story

If you ask me i will say it,
You make me smile,
It's contagious,
And in your eyes,
I can see it,
Cuz your heart is the greatest.
When I'm with you, I am taken,
With the feeling that you've been chosen,
What I'm longing is the best thing,
In a long time that I'm not broken,
And I cant be without you
So dont go anywhere,
You show me love like no one else has done yet,
And with the road ahead,
This is the begining of this love story,
Of this love story.
