

# Nana, One Second

Im a nigga 4 life, Im - a nigga 4 life, uh, Im - a nigga 4 life, Im a nigga 4 life, Im a nigga 4 life  
Remember me come with me on a ride and see - What it takes to survive to feel free  
Like a bird in the sky Then reach for the stars you wonder why  
Freeze you begin to memorize Receive daily negative vibes  
Please see me down on my knees Thank the Lord that I am black  
And Im proud to achieve To achieve I repeat fakes and non-believers cant speak  
I represent twenty-four seven days a week I creep through the streets hardly sleep to  
prevent defeat The lord is my shepard makes me strong and unique Consequently because of that  
I am nigga for life black and proud yo let me speak  
Im a nigga 4 life, always judged by the cover  
Nigga 4 life, why do I have to suffer?  
Nigga 4 life, word cuts like a knife  
What can I do? Im a nigga 4 life  
Im a nigga 4 life, Im - a nigga 4 life, uh, Im - a nigga 4 life, Im a nigga 4 life, Im a nigga 4 life  
Consider the fact of being slaves after four hundred years you realize youre digging  
your own grave you reep what you saw I told you before my colours is shine and  
and its black beautiful you begin to trip your minds playing those tricks How can a nigga like he be  
I got it goin on Dont waste my time cause time is money A nigga always has to prove  
and that aint funny Hurry hurry show me the money You forget my colour all you see  
is honey Please, nigga nigga please nigga please I only take you serious if you got the cheese S  
Im a nigga 4 life, always judged by the cover  
Nigga 4 life, why do I have to suffer?  
Nigga 4 life, word cuts like a knife  
What can I do? Im a nigga 4 life  
Im a nigga 4 life, always judged by the cover  
Nigga 4 life, why do I have to suffer?  
Nigga 4 life, word cuts like a knife  
What can I do? Im a nigga 4 life  
Im a nigga 4 life, Nigga 4 life
