lyrics

Yeah, you drilled my heart and my blood is spilling, babe

Like oil from a platform in the North Sea

You fished me like a whaler in violation of international treaties, babe

Now I'm in an Oslo state of mind, honey

And you burned my soul like the Fantoft church in June 1992, babe

All I want to tell you is: Hvis lyset tar oss

Hypothermia, cuba libre, midnight sun

Sommer fiesta at Ragnarok beach

You wee dancing, like a polar killer whale

When your bloodthirsty eyes crossed with mine

Corazón vikingo de Santo Domingo

La iglesia quemada, la piña colada

Vamos a bailar con "Det som engang var"

Guerrero cubano, bailarín pagano Tomando mojito en el sacrificio

Vamos a bailar con Hellhammer y Varg

Profanar la tumba, al ritmo de la rumba

Con Fenriz y Darkthrone - Norwegian Reggaeton!

Esta vida loca, a mirar la foca

Asando un salmón - Norwegian Reggaeton!

My Drakkar is reay won't you get on board

While I proudly sail in the depths your fjord

When the storm is raging, and your booty is shaking

Hold my pole tight and you ain't get no aching

Your breakfast is ready, isn't it good?

It comes with my morning Norwegian wood

I'm swimming against the stream I don't care

I'm soon getting there where the salmons dare!

Nórdico latino, qué luciferino!

Mata al enemigo, pero despacito

Vamos a bailar en la Playa del Mal

Mueve tu cintura, con mi armadura

Satanás me sube la temperatura

Vamos a bailar en maligno ritual
