

Natalie Imbruglia, Amelia

She's been waiting in the curtains
Waiting for the moment
Killing time
Sitting in the ballroom
Hoping he will notice

Heavenly
She put a spell on me
Heavenly...
Where she gone?

Amelia

She's been caught up in the twilight
Always on the outside
Slowly drowning under water
Drowning from the tears
Of those green eyes
She's pretty flower
Waiting in the wings

Heavenly
She put a spell on me
Heavenly...
Where she gone?

So don't disappear
Shine
So don't disappear
Shine

Don't we all hide sometimes
Don't we all shine in time...
Let me see you

Amelia
There's nothing to fear
Don't disappear
Shine
