## Natalie Imbruglia, Amelia

She's been waiting in the curtains Waiting for the moment Killing time Sitting in the ballroom Hoping he will notice

Heavenly She put a spell on me Heavenly... Where she gone?

## Amelia

She's been caught up in the twilight Always on the outside Slowly drowning under water Drowning from the tears Of those green eyes She's pretty flower Waiting in the wings

Heavenly She put a spell on me Heavenly... Where she gone?

So don't disappear Shine So don't disappear Shine

Don't we all hide sometimes Don't we all shine in time... Let me see you

Amelia There's nothing to fear Don't disappear Shine
