

Natalie Jane, Do Or Die

It's do or die
With you and I
'Til the end of time
As we go up in flames in the sky
I'd sacrifice
Me myself and I
Cause you and you and I we're do or die

What does it feel like to get struck by lightning
A little bit lucky a little bit frightening
The taste of you
Exposed me to it all
No one believes in happy ever after
90% will end up in disaster
Me and you
And dynasties would fall

I don't wanna I don't wanna go to sleep
With anybody else a catastrophe
When you trace my body, a masterpiece

It's do or die
With you and I
'Til the end of time
As we go up in flames in the sky
I'd sacrifice
Me myself and I
Cause you and you and I we're do or die

Whisper that I am your burning desire
Feeling the heat now my heart is on fire
Against the wall
That whisper took it all
I don't wanna I don't wanna go to sleep
With anybody else a catastrophe
Oh I don't wanna I don't wanna
Let you leave

It's do or die
With you and I
'Til the end of time
As we go up in flames in the sky
I'd sacrifice
Me myself and I
Cause you and you and I we're do or
Die

You and you and I we're do or die

Do or die

You and you and I we're do or die
