

# Natalie Loves You, Out Of Oxygen

It's so late in the night but I'm not sleeping  
So peaceful and quiet but inside  
I'm having a storm with thunder  
I'm speechless and I won't move 'til the morning light  
Will come and calm me down

It's so late in the night but I'm not sleeping  
And my town is sailing in its random night's routine  
But I'm having war with me as an only victim  
I have my eyes so wide open and I won't say anything 'til the morning  
light Will come and calm me down

I don't know how to act  
When I'm out of oxygen  
And the only thing to keep me alive  
Is you here with me

I don't know what to do  
When my body won't move  
And the only thing to keep me alive  
Is me next to you
