## Natalie Loves You, Out Of Oxygen

It?s so late in the night but I?m not sleeping
So peaceful and quiet but inside
I?m having a storm with thunder
I?m speechless and I won?t move ?til the morning light
Will come and calm me down

It?s so late in the night but I?m not sleeping
And my town is sailing in its random night?s routine
But I?m having war with me as an only victim
I have my eyes so wide open and I won?t say anything ?til the morning light Will come and calm me down

I don?t know how to act When I?m out of oxygen And the only thing to keep me alive Is you here with me

I don?t know what to do When my body won?t move And the only thing to keep me alive Is me next to you
