

Natasza Urbańska, All the Wrong Places

I just came here to fall in love (x7)
I just came here...

Baby you got me crazy now
You make my heart raise every time you come around
You're irresistible when you're on the floor
Come pull me closer and closer
Don't never let me go

Something 'bout the way we touch
Or maybe I've been drinkin' way too much
Cause you start it, do it real, real good
I'm not behaving quite the way I should
(heh, heh)

(chorus)
I'm in all the wrong places looking for love (oh, oh oh, oh) (x2)
Don't turn on the light, let me live my life
I think Mr. Right Now could be Mr. Right
I'm in all the wrong places looking for love (oh, oh oh, oh)

I just came here to fall in love (x8)

Don't stop, just let the music rock
The way the bass is boo-boo-boom
And I can't get enough
And if you didn't know
I'm in your full control
Keep doing, what you're doing,
Baby, you're on the wall

Something 'bout the way we touch
Or maybe I've been drinkin' way too much
Cause you start it, do it real, real good
I'm not behaving quite the way I should
(heh, heh)

I'm in all the wrong places looking for love (oh, oh oh, oh) (x2)
Don't turn on the lights, let me live my life
I think Mr. Right Now could be Mr. Right
I'm in all the wrong places looking for love (oh, oh oh, oh)

Love...
All the wrong places...
I'm in... (x5)
Hey, hey, I'm in...

I'm in all the wrong places looking for love (x2)
Don't turn on the light, let me live my life
I think Mr. Right Now could be Mr. Right
I'm in all the wrong places looking for love (oh, oh oh, ohhh)
