Nate Dogg, I Pledge Aliegance

I pledge allegiance to all my homies who ain't never loved a hoe and never will I give my body and I give my soul to the funk May the funk never end

I pledge allegiance
To paper chasers
To hustlers who be steady pullin' capers
Peace and blessing
May the sun always shine on you
I'm servin' paper
See ya later
I guess that's one mo' thing
I can't be faited
You can test me
Get discombobulated
Ain't no question I'm gon' f**k with this
I do it for the funk of it

I pledge allegiance to all my homies who ain't never loved a hoe and never will I give my body and I give my soul to the funk May the funk never end

I pledge allegiance to my
Homies who keep it gangsta
F**k all the haters
They can't stop this groove
I pledge allegiance to the
Game 'cause it got me ballin'
Game don't wait so I'm not stallin'
I'm still dissin (Uhh, what, what, yeah)
She's still callin' (Uhh, check it out now, uh)

See this is front line

so I'm not stallin')

No turnin' back now I'm about to score This is war on the track now Give me my vest and my ammo and my mac now I'm bout to spit it And Lord I'ma get it in the worst way Slay competition Move the opposition back Wake the $f^{**}k$ up (Uh-huh) 'cause when I get beyond enemy lines I might snipe that ass like John Kennedy's mind Thou shall not get caught That's the remedy Disinfect gun wounds on my last bottle of Hennessy Bleed to let the seeds remember my memories It's killed or be killed here son that's the penalty Ride for the funk Cry for the funk In the heat of night I die for the funk Pharoahe When I'm six feet deep there's no greivin' Salute the noblest troop and pledge allegiance 'cause

I pledge allegiance to all my homies who ain't never loved a hoe and never will I give my body and I give my soul to the funk (I pledge allegiance to my homies who keep it gangsta, f**k all the haters they can't stop this groove)

May the funk never end (I pledge allegiance to the game 'cause it got me ballin', game don't wait
