

Nathalia Ramos, BAM

Never thought I'd fall in love
Now I stand corrected
Never thought I'd feel what I feel
Never been so affected

Now I Know what I know but right now it seems so subjective
Oh oh

You surprised me, hypnotized me, found my weakness, then you creeped in, BAM!
To my heart then BAM!
Oh you started to make my whole world just explode

BAM!
My life has changed
BAM!
Can't concentrate
BAM!
I was okay until we met that day then
BAM!
I am obsessed
BAM!
Can't get no rest
BAM!
Ever since we met I think I know what love is
BAM!

I felt so secure with these walls around me
Boys would take me out but bring me back where they found me
And there's no harm, no foul
Cause they never got a chance to know me
Yeah

You surprised me, hypnotized me, found my weakness, then you creeped in, BAM!
To
my heart then BAM!
Oh you started to make my whole world just explode

BAM!
My life has changed
BAM!
Can't concentrate
BAM!
I was okay until we met that day then
BAM!
I am obsessed
BAM!
Can't get no rest
BAM!
Ever since we met I think I know what love is
BAM!

And if I had to walk
A million miles
To find your smile
I would
You know I would babe
And if you took a trip to Costa Rica
And told me I meet ya
I would
I would I would babe

BAM!
My life has changed
BAM!

Can't concentrate
BAM!
I was okay until we met that day then
BAM!
I am obsessed
BAM!
Can't get no rest
BAM!
Ever since we met I think I know what love is
BAM!

You surprised me, hypnotized me, found my weakness, then you crept in, BAM!
To my heart then BAM!
Oh you started to make my whole world just explode

BAM!
