

Nathan Sykes, More Than You'll Ever Know

Hey girl, I've been thinking of you
Get you home with me and I'll
(Hey, hey, hey!)
Same girl, don't want another
I'm down on my knees, get ready to
(Hey, hey, hey!)
It's a cold cold world when I'm without you
Don't you know know girl
I'm looking, I found you,

And I love you more, more more, more then you'll know
And I need you more, more then you'll ever know
So please, don't misbehave with my heart!

Nothing can make me hate you
You're the closest thing to the heavenly nature
(Hey, hey, hey!)
No other man's tryina take you,
Come on home with me despite behavior
(Hey, hey, hey!)

It's a cold cold world when I'm without you
Don't you know know girl
I'm looking, I found you

I love you more, more more, more then you'll know
And I need you more, more then you'll ever know
So please, don't misbehave with my heart!
And please don't misbehave when it's done!
I need you more, more then you'll ever know

So please, please
take me down from it babe,
take me down from it babe
take me down from it babe
take me down from it babe
Baby, get it on

I love you more, more more, more then you'll know
And I need you more, more then you'll ever know
So please, don't misbehave with my heart!
And please don't misbehave when it's done!
I love you more! More than you'll ever know
Said I need you more!
More then you'll ever know
I love you more!
