Hop on quickly our hearts are at some place
Worry about small problems maybe next time
We're running out of time so now we on our way

Feely come join me
I show my dream on the Surface
It has begun, the story like a movie
I can do ths all day all day long

We got this today too
We take this palce 100%
Move on to the next higher mental
We're already on another lever another level, ya!

Let's start
We gon' fly
We won't stop
It's alright
I can do this all day

Back it up
Back it up
Hurry up
Hit that line
It's a waste of time
You should
I don't need no more sign, ya
