

Ne-Yo, U 2 Luv (feat. Jeremih)

I don't want nobody else
I don't want nobody else
Give you all of my attention

It's straight shots no champagne sipping tonight
Add Netflix to shit massage
Bette ryet turn that shit off
Cause i love to hear tou cussing at home

Like oh shit, baby too deep
You never felt this feeling when i touch you
I never love
Nobody like i love you

That's why i only want you to love
I don't want nobody else
I only want you to love
