

# Neal Morse, Ain't Seen Nothing Like Me

Adam was livin' a care free life  
Nothin' to do but hang out all night  
God said to Adam &quot;I think you'll agree  
You need someone to run things&quot; so He made Eve

(She said) I'm livin' proof God blessed His daughters  
I got what you need  
You've seen fire, wind and water  
But you ain't seen nothin'  
Oh no - you ain't seen nothin' like me

Samson was one of the lucky few  
Strong as a bull and the coolest hairdo  
Well, you all know that after Delila got sore  
He was nothin' but a crumpled mass on the floor

## CHORUS

She said &quot;now don't you fret  
No, don't you worry  
I'll be the ghostwriter  
Of the rest of HIStory&quot;;

God made woman on a beautiful day  
But don't you cross her or she'll make you pay  
He made her strong and he made her sweet  
And if she weren't around we'd be dead in a week

CHORUS (to end)
