Neil Diamond, Santa, Santa

Dear Mr. Claus My name is Juan You are well liked Where I come from I know how busy you must be But Santa please remember me Santa, Santa

Remember the time of year December is almost here I live by Cathedral Square My brothers live also there They do not believe in you But please bring them something to Santa, Santa

Remember the time of year
December is almost here
It's getting late
And I must go
But I would like for you to know
I know you're real
And I believe that you'll be here
On Christmas Eve
Santa, Santa

Remember the time of year December is almost here Santa, Santa Christmas is almost here Santa, Santa

Remember the time of year I'll leave a light
We have no fireplace
Santa
