

# Neil Young, Once I Was In Love

Once I was in love  
Now, it seems that time  
Is better spent  
Searching than in finding  
But no one seems to know.

So don't say you lose,  
Don't say you lose,  
Don't say you win,  
And no one else will know,  
No one else will know.

When you're down  
you gather strength  
To leave the ground  
And when you're high  
It makes you weak  
and you fall back down.

Once I was in love  
Now, it seems that time  
Is better spent  
Searching than in finding  
But no one seems to know.
