

# Nekromantix, Demons are a girl's best friend

Demons on her mind, demons of any kind  
demons in her head, demons that she never met  
demons in her ears, demons that never disappear  
demons here and there, demons everywhere  
well i thought i had a chance,  
i had a sweet heart, a hard romance  
but she always disappeared  
well i thought i had a chance,  
i had a sweet heart, a hard romance  
she didn't notice i was there  
demons are a girl's best friend [x4]  
well i thought i had a chance,  
i had a sweet heart, a hard romance  
but she always disappeared  
well i thought i had a chance,  
i had a sweet heart, a hard romance  
she didn't notice i was there  
demons are a girl's best friend [x4]  
demons in her head, demons alive or dead  
demons on the floor, demons are hid behind that door  
demons behind that curtain, demons, yah, i'm certain  
demons are here and there, demons everywhere  
well i thought i had a chance,  
i had a sweet heart, a hard romance  
but she always disappeared  
well i thought i had a chance,  
i had a sweet heart, a hard romance  
she didn't notice i was there  
demons are a girl's best friend [x4]
