

# Nelly Furtado, I Am

I think I've been here before  
Yeah I've been right here  
With you walking out the door  
And I won't fight it  
I think you already know  
Don't try to hide it  
You know this time I will go  
And I won't come back

You said you would  
Be so different  
And your old habits  
You would switch them  
Look at this picture  
Could it get any clearer?  
But you're wasting my time

Chorus:  
And if you see me walking by  
You don't have to spend your time  
Asking me if I'm alright  
Do I look smarter?  
Do I look stronger?  
Doesn't it make you wonder?  
Well I am, well I am

I think I've seen you before  
With that sullen face  
Telling me that you don't know why I'm so angry  
While you were having some fun  
You left me right here  
You said you loved me so much

And I don't want you to say you're sorry  
I know it's a deeper story  
You're not fine well  
I'll ignore it  
cause I made up my mind

Chorus

Look at the stars now baby  
Don't let it drive you crazy  
And you said  
Baby they calling out your name  
And I said maybe I don't want to be your baby no more

Chorus
