What's going on 'cross seas Every minute a child dies by this disease In record numbers indeed Your momma's crying out please My baby hold on My child ain't done nothing wrong Still I want to holler Ask them why they don't bother Oh no, oh no Make me turn to my father And ask him why they all got us trapped souls

Nas:
I can feel what was bothering Marvin Why his words forever remain Dealing with these modern day problems 'Cause of ignorance surrounding me And my constituents Too many infected Too many lives diminishing Nobody say Protestants, Jews, Blacks, And Whites, Latinos and Asians Pray together Less fight We better unite As genocide chemical war And the rich and the poor Know that God delivers a cure

Eve:
It's a shame our reality is devastating People praying for a cure Dying while they're waiting Ask the Lord for the comfort And strength to face it All the kids with dreams Won't get the chance to chase it Makes me sad Think about the lives they would've had Think about the orphan babies Got no moms and dads How can we sit back and not try to make it right We gotta come together We gotta fight for life

Fred Durst (Limp Bizkit):
Somebody tell me what's going on (What's going on) We got human beings using humans for a bomb But everyone wanna live Don't nobody really want to die

Oooooh

Fred Durst (Limp Bizkit):
You feeling me, right? (Right) I can't be watching people die (Die) And watching people cry Let me break it down for a minute If there's enough room here for you and for me There's plenty of room for some humanity

All:
Tell me what's going on You got to tell me (What's going on) Tell me (What's going on) Tell me (What's going on) Tell me (What's going on)
