

# NERVO, It Feels

World grows quickly  
Want you with me  
Hears get listen what we started

Nothing's gonna change the way  
That feel cos I fallen in love again  
Nothing's gonna change the way  
That feels  
/2x

Stars can closer  
Each day – closer  
Winter leaves us  
Spring than greets us

Nothing's gonna change the way  
That feel cos I fallen in love again  
Nothing's gonna change the way  
That feels  
/2x

Coz it feels good  
it feels good

So tell me everything  
So tell me if it's real  
Coz it feels good
