

# Nesby Ann, This Weekend

Winding down from a busy week  
Gonna tie down all those loose ends  
Make sure everything is complete  
Monday I just reminisce  
Tuesday I long for his kiss  
Wednesday I start counting down  
Thursday no more friends around  
This weekend  
I'll be making love to my man  
This weekend  
I'll be making love to my man  
I sure love that man  
Love that man with all of my heart  
Though my week is just beginning  
I can't wait for the weekend to start  
Monday I just reminisce  
Tuesday I long for his kiss  
Wednesday I start counting down  
Thursday no more friends around  
This weekend  
I'll be making love to my man  
This weekend  
I'll be making love to my man  
There's no one else in the whole wide world  
Who gives me love like he does, forever I'm his girl  
So warm and kind,  
He satisfies my desire  
That's why he's mine all mine  
He lights my fire  
And when the weekend comes  
We're gonna have some fun  
Now you can understand  
Just why I make these plans  
Not to have nobody else around  
If it ain't my big poppa  
I ain't down  
Monday I just reminisce  
Tuesday I long for his kiss  
Wednesday I start counting down  
Thursday no more friends around  
This weekend  
I'll be making love to my man  
This weekend  
I'll be making love to my man
