Neuraxis, Oscilliated To Intelligence

Victimized in silence on wavy spells Affects and vibrates all brains cells Optimising the mind to new thrills Shivering frequences gives the skill

Exposed to this unpredictable force Imposed stress on the cell's course Vulnerable adenomas processes...activated Stranges results from vitals...detected

Magnetism is a form of frequency that oppresses every life form in trade of degeneration Upgrade the stimulation in a positive manner to oscilliate the mind into progression

Calibrate ideas and thoughts with fully operational controls Complete the sarcastic evolution of the puzzled brains tools

The key to boost intelligence is the way to conquer the unknown intercellular sectors Demystified territories based on, sensorial telekinesic views and virtual mind warp

Hack the brain, a scientist's dream Manipulate the memory density capacity Rating upper levels, makes the game extreme A joy of madness chanting insanity

Consider that we're not yet there but our imagination is...
Rememberance of a logical explanation to questioning our existence
