

# Neutral Milk Hotel, Jennifer

I bring Jennifer flowers  
I bring Jennifer cupcakes  
I bring Jennifer snow cones  
I bring Jennifer yard rakes  
And we dance in the leaves  
That go up to our knees  
And I cough and I sneeze  
Only for Jennifer

I bring Jennifer wine  
I bring Jennifer apple peels  
For that's all that she needs for a good time  
And we put on our pants  
And we sing and we dance  
As the sun wanders past  
Above me and Jennifer

I bring Jennifer sailboats  
And Jennifer brings me the sky  
We swim through a sea of artichokes  
Awaiting the day we'll die  
And the trumpets will blow  
And the water will flow  
And a flower will grow  
Above me and Jennifer
