

Never Heard Of It, All Hurt

staring at my ceiling
laying in my bed
wondering what i did
is it something that i said?
i don't really know
what i did wrong
but i lost the girl that i loved for so long

i lost her to one of my best friends
without any warning it was coming to an end
but now i'm all hurt and i never felt like this
because this was a girl that i'm sure i'm gonna miss
now i'm all hurt and i just have to take it
in the morning it will be over i think i'm gonna make it
i wish things would go back to the way they were
cuz i was so happy and i really liked her

i dont know what to do and i dont know what to say
and when she comes around i feel i should run away
cuz i feel dumb and i think that she
just feels like she has to talk to me
but deep down inside she really doesn't want to
so now i'm stuck hey what can i do
now i'm all hurt and i never felt like this
because this was a girl that i'm sure i'm gonna miss
but now i'm all hurt and i just have to take it
in the morning it will be over i think i'm gonna make it
i wish things would go back to the way they were
cuz i was so happy and i really liked her

i was thinking to myself is there something i can say
like let's start all over take it slow day by day
but then i realized how dumb can i be
because she made it clear she doesn't want to be with me
so now once again i don't know what to do
now i'm all hurt and feeling all blue
now i'm all hurt and i never felt like this
because this is a girl that i'm sure i'm gonna miss
now i'm all hurt and i just have to take it
in the morning it will be over i think i'm gonna make it
i wish things would go back to the way they were
cuz i was so happy and i really liked her
i really liked her
i really liked her
