New Amsterdams, Forever Leaving

Burn all your pictures
Still save the prints
Thought I'd feel better
I feel like shit
I fall to pieces without you around
Spent all my time trying to figure out

Maybe I should be sorry
Maybe it's too late
It's never too early
I'll follow my fate
I shot the moon and you shot me down
Spent all my time trying to figure out

I finally thought about
I've forever been leaving
Wanna change the world
Nothing's gonna change, believe me

Little love was lost
Memory remains
Time takes its costs
But I'm still the same
I left the room and you let me down
Spent all my time trying to figure out

Finally thought about
Forever been leaving
Wanna change the world
Nothing's gonna change, believe me

I just seem to spend
More and more time again by myself
It's just so much easier than
Trying to understand myself

Finally thought about
I've forever been leaving
