

New Direction, Hands Up

When I woke up this morning
My family was doing fine
Then I looked out my window
I saw the bright sunshine
My hands went up
I started shouting
A day I never seen before
My hands went up
I started prasing God
For giving me another chance, Yes
[Repeat]

[Bridge]
My hands went up
My hands went up

When I think of what He's done and
all He's done for me
When I think of how He died back on Calvary
My hands go up
My hands go up
[Repeat]

My hands go up
[Repeat]
