

# New Kids On The Block, Stay With Me Baby

[Spoken:] Yeah, man, oh, we're going to have some fun with this one, man,  
and I don't know where it's gonna take us,  
but it's a long way from Boston, man, here we go.

Stay with me baby, stay with me baby, me whole life long.  
Stay with me baby, stay with me baby, I can do you no wrong.

Sure me saw you walking down the street,  
you were looking so good, I said you were looking so sweet,  
then me didn't know what to say, all I know is that you're  
brightening up a beautiful day, ah.

[Spoken:] Oh, yeah, wer're groovin' now, man, oh, yeah!

Nobody can tell me my baby's not for real,  
they don't know just how she feels,  
what a girl, me pretty little thing, oh!

Stay....

I would never repay you for the love you've given to me,  
me play every day and stay with me for eternity.  
The only thing that we know for sure, me could never ever doubt you, ah.

Nobody can tell me my baby's not the best,  
she's the best, oh, she's so fresh, what a girl me pretty little thing, oh!

Stay..... [repeat & fade]  
We be jammin.....
