

# New Look, The Ballad

Although this is hard for me to say  
It's breaking my heart, but hear anyway  
This is the part where we embrace  
Come out of the dark and into the day

This is the part when everybody says they love you so  
You know I love you so  
And all I want is to reach out and give a hand to hold  
It isn't hard, you know  
How many times you think the world's thrown you for a roll  
It happens to us all  
Don't turn away, you've got to break out and give your all  
This is the part you know

Although this is hard for us to say  
It's worth your while, so listen anyway  
This isn't hard, don't turn away  
Come out of the dark  
This is your need

This is the part when everybody says they love you so  
You know I love you so  
And all I want is for you to know that you're not alone  
You aren't on your own  
How many times you think the world's thrown you for a roll  
It happens to us all  
Don't turn away you've got to break out and give your all  
This is the part you know
