

Newest Zealand, Don't Look at Venu

Welcome to the wonderful world of love
Again, my friend
Welcome to the gorgeous world of truth and hate
Again, my friend

Rank you did rank every day
Everything is round so run
You did rank, you
Drunk you so drunk every day
Everything is round so run

Even if you ready to chase that think
Even if you able to catch and take the damn think
Do ___ in a blink, yeah!
If you decided to kept that think
Even if able to check and taste the damn think
And if do ___ in a blink, yeah!

Rank you did rank every day
Everything is round so run
You did rank, you
Drunk you so drunk every day
Everything is round so run

Down look,
You take the look away
You take the look away, now
