

# Newsboys, Simple Man

There has been a time  
When the rains did fall  
I could see the clouds  
As they started to form

Chorus  
I have lived my life as a simple man  
Should my heart not make a sound  
I've even tried to please the other man  
Storing riches for my own

I have seen the fire  
I have felt the flames  
It seemed warm for a while  
Then it started to burn

- Chorus -
