

Newsboys, Ten Thousand Miles

For we have known how to be in need
And we have known what it is to have plenty
There are costs that we all must pay
For some it's harder harder for them to stay

Chorus

I will live for you
I'll walk with you I'd even die for you
I will follow you ten thousand miles
Ten thousand more

For I have seen a vision of heaven
And we are here for just a short lived time
No time to chase the gold, the glory
There is a fire, fire in our hearts

- Chorus -

We have learned a valuable secret
To be content in every situation
We can do everything through Him
He gives us strength to, strength to

- Chorus
