

# Newton Faulkner, Resin On My Heart Strings

I don't know why this took so long  
It wasn't hard for me to see  
It wasn't that I didn't notice  
It was just hard to believe

But this is what you did  
What you did to me

You put resin on my heartstrings, you make 'em sing  
You put resin on my heartstrings, make 'em sing  
And it's about time that I told you everything  
You put resin on my heartstrings, make 'em sing

I guess all good things have to end  
And things will never be the same  
I just wanted you to know  
To know that doesn't change a thing

This is what you did  
What you did to me

You put resin on my heartstrings, you make 'em sing  
You put resin on my heartstrings, make 'em sing  
And it's about time that I told you everything  
You put resin on my heartstrings, make 'em sing

There's nothing left to say  
All skies begin to fade  
This is what you did  
What you did to me

You put resin on my heartstrings, you make 'em sing  
You put resin on my heartstrings, make 'em sing  
And it's about time that I told you everything  
You put resin on my heartstrings, made 'em sing
