

Nick Carter, Hurts to Love You (Aaron Carter tribute)

Felt like we've been through some wars together
Nobody else can understand
Weeks and many nightmares to remember
But that was real life back then

Always hoped your tomorrow
Would be better than the days before
I hoped you'd find your road to follow
To a place you were happy in this world

Cause it hurts to love you but I love you still
Miss you with all my heart, you know I'll always will
And always prayed for peace somehow your soul could feel
You know it hurts to love you but I love you still

Woo, hoo-oh
Hurts to love you

It's hard to let go of the anger
I know for me it took some time
Sometimes the darkness lasts forever
Feels like the light won't ever shine

Always hoped your tomorrows
Would be better than the days before
I hoped you'd find your road to follow
To a place you were happy in this world

Cause it hurts to love you but I love you still
Miss you with all my heart, you know I'll always will
And always prayed for peace somehow your soul could feel
You know it hurts to love you but I love you still

Cause it hurts to love you but I love you still
Miss you with all my heart, you know I'll always will
I always prayed for peace somehow your soul could feel
You know it hurts to love you but I love you still

Ooh, whoa
Hurts to love you
Oh-oh, oh
Hurts to love you
