## Nick Carter, Hurts to Love You (Aaron Carter trib)

Felt like we've been through some wars together Nobody else can understand Weeks and many nightmares to remember But that was real life back then

Always hoped your tomorrow Would be better than the days before I hoped you'd find your road to follow To a place you were happy in this world

Cause it hurts to love you but I love you still Miss you with all my heart, you know I'll always will And always prayed for peace somehow your soul could feel You know it hurts to love you but I love you still

Woo, hoo-oh Hurts to love you

It's hard to let go of the anger I know for me it took some time Sometimes the darkness lasts forever Feels like the light won't ever shine

Always hoped your tomorrows Would be better than the days before I hoped you'd find your road to follow To a place you were happy in this world

Cause it hurts to love you but I love you still
Miss you with all my heart, you know I'll always will
And always prayed for peace somehow your soul could feel
You know it hurts to love you but I love you still

Cause it hurts to love you but I love you still
Miss you with all my heart, you know I'll always will
I always prayed for peace somehow your soul could feel
You know it hurts to love you but I love you still

Ooh, whoa Hurts to love you Oh-oh, oh Hurts to love you
