

# Nick Carter, I Got You

People tell me, you stay where you belong  
But all my life I've tried  
To prove them wrong  
They say I'm looking for  
Something that can't be found  
They say I'm missing out  
That my feet don't touch the ground

But there are moments  
When you can't deny what's true  
Just an ordinary day  
Like when I met you

It's funny how life can take new meaning  
You came and changed what I believe in  
The world on the outside is trying to pull me in  
But they can't touch me  
'Cause I got you  
I got you, oh yeah

I want to thank you  
For all of the things you've done  
And most for choosing me  
To be the one

It's funny how life can take new meaning  
You came and changed what I believe in  
The world on the outside is trying to pull me in  
But they can't touch me  
'Cause I got you

And it hits me when I reach for you  
That I'm afraid you won't be there  
Maybe I am in too deep  
But I don't care

(Where would I belong)  
I got you  
Yeah  
I want to prove them wrong  
I've got you yeah  
You can't deny what's true no  
They can't touch me, yeah yeah

I got you  
I got you  
I got you baby

You can't deny what's true  
No, they can't touch me  
'Cause I got you
