

# Nick Carter, Scandalicious

Scandalicious...

I entered the party ready to leave  
When somebody offered me "Sex On The Beach"  
I turned around and got into shock at first  
I got a feeling that she must have smelled my thirst  
She must be...

CHORUS

Scandalicious, Oh yeah  
Caught in a cat suit a package so cute  
Scandalicious, Oh yeah  
you know that, baby now I want you  
Baby I can see you want me too  
Hot and scandalicious  
Oh, bedtime delicious

There's not any interest in touchin' our hearts  
I guess we're just on to every other part  
She started playin' tricks with my mind, oh yeah  
You know this kinda thrill makes me blind, oh yeah  
She must be...

CHORUS - repeat

We slowly reach into our minds  
We're getting there and nothin's left behind  
We're sayin' things without a word  
It's so obscured, I'm stuck on this one line  
All I want is to be hers  
Cause she's so...

CHORUS -repeat

Hot and scandalicious
