

Nick Cave, King Kong Kitchee Kitchee Ki-Mi-O

Mr. Frog went a-courting and he did ride
With a sword and a pistol by his side
And he rode 'til he came to Miss Mouse's door
And there he knelt down on the floor
He said, "Little Miss Mouse, will you marry me?"
Way down yonder in a hollow tree
With an owl and a bat and a bumble bee

Miss Mouse had suitors, three and four
And they came rushing through the door
Well, they grabbed Miss Mouse and began to fight
In the hollow tree it was a terrible night
"Little Miss Mouse, will you marry me?"
Way down yonder in a hollow tree
With an owl and a bat and bumble bee

Well, Mr. Frog threw the suitors to the floor
With his sword and his pistol he killed them all
And they went to the vicar the very next day
Then left on their honeymoon right away
Glory glory glory be
Way down yonder in a hollow tree
With an owl and a bat and a bumble bee.
