Zoo Music Girl

Zoo-music girl, zoo-music girl

Our life together is a hollow tooth,

spit out the shells, spit out the shells,

You know exactly what I'm talking about

Don't drag the orchestra into this thing

Rattle those sticks, rattle those sticks

The sound is beautiful, it's perfect!

The sound of her young legs in stockings

the rhythm of her walk, it's beautiful

Just let it twist, let it break

let it buckle, let it bend

I want the noise of my zoo music girl

zoo-music girl zoo-music girl

My body is a monster driven insane

my heart is a fish toasted by flames I kiss the hem of her skirt

We spend our lives in a box full of dirt

I murder her dress and she loves it

If there is one thing I desire in the world is to make love to my zoo-music girl

zoo-music girl, zoo-music girl

The sound is beautiful! It's perfect!

I call out her name in the night

Zoo-music girl zoo-music girl

I call her by her family name

zoo-music girl zoo-music girl

Oh God! Please let me die beneath her fists
