

# Nickelback, I'll Come for You

Just one more moment  
That's all that's needed  
Like wounded soldiers  
In need of healing  
Time to be honest  
This time I'm bleeding  
Please don't dwell on it  
Cuz I didn't mean it  
I can't believe I said I'd lay our love on the ground  
but it doesn't matter cuz I've made it up  
Forgive me now  
Everyday I spend away  
My soul's inside out  
Gotta be some way that I can  
Make it up to you now, somehow.  
By now you know that  
I'd come for you  
No one but you  
Yes I'd come for you  
But only if you told me to  
And I'd fight for you  
I'd lie, it's true  
Give my life for you  
You know I'll always come for you  
I was blindfolded  
But now I'm seeing  
My mind was closing  
Now I'm believing  
I finally know just what it means to let someone in  
To see the side of me that no one does or ever will  
So if you're ever lost and find yourself all alone  
I'd search forever just to bring you home,  
Here and now this I vow  
By now you know that  
I'd come for you  
No one but you  
Yes I'd come for you  
But only if you told me to  
And I'd fight for you  
I'd lie, it's true  
Give my life for you  
You know I'll always come for you  
You know I'll always come for you  
No matter what gets in my way  
As long as there's still life in me  
No matter what, remember  
You know I'll always come for you  
Yes I'd come for you  
No one but you,  
Yes I'd come for you  
But only if you told me to  
And I'd fight for you  
I'd lie, it's true  
Give my life for you  
You know I'll always come for you  
No matter what gets in my way  
As long as there's still life in me  
No matter what, remember  
You know I'll always come for you  
I'd crawl across this world for you  
Do anything you want me to  
No matter what, remember  
You know I'll always come for you  
You know I'll always come for you
