

# Nicki Minaj, Last Time I Saw You

Beggin' me to stay, and then you walk away  
There's something that you wanted to say  
I was in a rush, but you said you were crushed  
And I said, "I'd be back, it's okay"

I wish I'd hugged you tighter the last time that I saw you  
I wish I didn't waste precious time the night when I called you  
I wish I remembered to say I'd do anything for you  
Maybe I pushed you away because I thought that I'd bore you

Listen

So close, but we were so distant  
Wish I'd known in that instant  
Ignored the hints or I missed it  
I killed it  
You'd always be in attendance  
No flights, but always attendant  
Handwritten letter, you penned it  
Them nights we wish never ended  
Those rules that we wish we bended  
Heartbreak that we never mended  
Those messages we unsended  
Best friends, we somehow unfriended  
Ain't care 'bout who we offended  
Parties they wish we attended  
Got drunk and laughed, it was splendid

I wish I'd hugged you tighter the last time that I saw you  
I wish I didn't waste precious time the night when I called you  
I wish I remembered to say I'd do anything for you  
Maybe I pushed you away because I thought that I'd bore you

Starlight, starbright  
First star I see tonight  
Wish I may, I wish I might  
Have the wish I wish tonight  
Starlight, starbright  
First star I see tonight  
Wish I may, I wish I might  
Have the wish I wish tonight

Bombs away  
Bombs away  
Bombs away  
Bombs away

Dream about you  
Dream about you  
Dream about you  
I still dream about you

I wish I'd hugged you tighter the last time that I saw you  
I wish I didn't waste precious time the night when I called you  
I knew the moment I met you that I'd always adore you  
Maybe I pushed you away because I thought that I'd  
Bore you
